

Ama Dablam Expedition 2023

TRIP OUTLINE

Ama Dablam (6,856m) is regarded as one of the world's most beautiful and sought-after peaks, along side the Matterhorn and Khan Tengri. The experienced mountaineer will find the South East Ridge, which is the easiest route on the mountain, a good challenge.

The ascent to Camp One at 5800m is quite straight forward, from which point the climb gradually steepens as we move onto the rocky Southwest Ridge. The final approach to the summit is on snow slopes up to 45 degrees. We have had good summit success on all our previous

expeditions.
